Hi Mike and Loni,
Per your request attached is the RCRAInfo report that Elizabeth Janes ran for you in Jan 2014.
Please let me know if you need anything else.
Best regards,

Mike Zabaneh, P.E.

Subject: final draft permit processing time report

Hello: if DTSC (Loni?) could randomly check some of the California data rows from the worksheet "useable data" to make sure that the dates are correctly associated with the handlers, sequences and units that would be appreciated.

If this data has been correctly interpreted, California is average in its processing time, but it is among the top five states for volumes of permits being processed.

The xls document includes a summary of steps used to derive the data.

Thanks.

Elizabeth Janes
